

Maximize Savings

WITH OUR ENERGY EFFICIENCY PROGRAMS

2026 Energy Efficiency Rebates available!

Our rebates offer opportunities to reduce your energy usage and make your home more efficient. Take the next step toward a more energy-efficient home by **selecting eligible qualified equipment upgrades.**[†] Here's how it works—install any of the energy-saving equipment(s) found on our website or scan the QR code, grab your contractor's paid invoice and submit it online or by mail.

Visit ColumbiaGasVA.com/Rebates2026 for more information.

[†] WarmWise rebates are only available to existing residential customers of Columbia Gas of Virginia. Rebates are for qualifying new equipment that are replacements of existing equipment and must be purchased and installed at the Account Owner's service address. To qualify for a rebate, the qualifying equipment must be purchased and installed on or after January 1, 2026, and the rebate application must be received within 120 days of purchase and installation or by January 31, 2027, whichever is sooner. The primary fuel source for installed equipment must be natural gas. Rebate quantities are limited, not guaranteed, and are processed and approved on a first-come, first-served basis. Rebates are only available for retrofit installations in existing homes. New construction is not eligible.

Transform Your Home's Comfort

Free Home Energy Audit

Simple Steps, Big Wins! Curious about your home's energy use? Take our **FREE Online Energy Audit**—it's super simple, and you'll get personalized tips to help you reduce your energy usage. Plus, qualifying customers will score a **FREE energy efficiency kit**† delivered right to their door.

Go to ColumbiaGasVA.com/Audit2026 to get started.

†Available only to Columbia Gas of Virginia customers who have completed the Online Home Energy Audit. Customers who have natural gas water heating will receive an energy efficiency kit that contains one kitchen faucet aerator, two-bathroom faucet aerators and two high-efficiency showerheads. Customers who have natural gas heat will receive an energy efficiency kit that contains 10 switches and outlet insulation gaskets, one tube of caulk and one can of foam sealant. Qualifying customers can receive only one of each type of energy efficiency kit. Qualifying customers can return to update their home profile to receive the other energy efficiency kit.

Age & Income Qualifying Program

If you're looking to make your home more comfortable and energy efficient all year, you could qualify for totally free energy upgrades thanks to our **Age & Income Qualifying Program**. **Eligible customers** will receive a visit to their home from our trusted partner Community Housing Partners (CHP) to install energy-saving products based on whether they have natural gas heating, space heating, or both—without any cost or hassle.

Go to ColumbiaGasVA.com/AgeIncome to see if you qualify.
