

TRADE ALLY PROGRAM

Save Now with WarmWise - Columbia Gas of Virginia's energy efficiency and conservation program is designed to help your customers to save money by reducing the amount of natural gas they use.

Help your customers experience the savings.

Our **WarmWise Home Savings Program** instant rebates for residential customers can be a great addition to your sales kit, as you can promote the long-term cost savings of upgrading to energy efficient equipment.

To start the process to become a **WarmWise Trade Ally**, send us an email to TradeAllies@ColumbiaGasVA.com.

¹ Rebates are only available to existing residential customers of Columbia Gas of Virginia. WarmWise rebates and program offerings are not guaranteed. Program funding is limited to levels approved by the Virginia State Corporation Commission. Rebates are only available as retrofit installations in existing homes. New construction is not eligible.

Rebate and program requests are processed and approved on a first-come, first-served basis.

² This measure is eligible only if the residence has primary natural gas heating.
