LEARN ABOUT NATURAL GAS SAFETY WITH DIGGER DOG

811®

Columbia Gas®
A NiSource Company

DIGGER DOG™ IS READY TO HELP YOU LEARN WHY CONTACTING 811 BEFORE YOU DIG IS THE SMART THING TO DO.

Digger Dog™ always contacts 811 before he digs in the yard to bury his bones. It is important to contact 811 because there are pipelines buried underground, and we don't know where they are until utility companies like Columbia Gas come to mark them.

Knowing where the utility lines are helps prevent adults from accidentally damaging the lines during their next digging project. This keeps you, your family, and your neighborhood safe... and it's the law!

Tell your parents or caregivers that before they pick up the shovel for any digging project big or small, they must contact 811 at least **3 days** before the project starts! 811 will notify Columbia Gas and other utility companies to locate and mark the underground lines with colored paint or flags. It's also important not to move or play with these flags.

Remind adults to **contact 811** before they start any digging project such as:

INSTALLING A FENCE, MAILBOX, DECK, OR SWING SET

PLANTING TREES, SHRUBS OR A GARDEN

LANDSCAPING OR DIGGING A POND

WORKING ON DRAINS OR SEWER LINES

POURING CONCRETE

REMOVING TREE ROOTS

Flags and flowers both come in a lot of different colors!

Can you color the flags in the appropriate colors for their meaning based on the chart below?

1. Electric = Red Flag
2. Telephone / CATV = Orange Flag
3. Potable Water = Blue Flag
4. Sewer / Drainage = Green Flag
5. Gas / Petroleum Pipe Line = Yellow Flag
6. Reclaimed Water = Purple Flag
7. Premarked Site of Excavation = White Flag

Digger Dog™ has found a secret code. Can you help him solve it?

Match the numbers and fill in the letters to discover the secret code.
